Training and Placement Report-A.Y. 2022-23

About KBPCOES:

In 1919, Dr. Patil founded the **Rayat Shikshan Sanstha** — the educational society that eventually established and runs institutions such as **Karmaveer Bhaurao Patil College of Engineering, Satara** and many more.

Karmaveer Bhaurao Patil College of Engineering, Satara is a well-established engineering institution in Satara, Maharashtra, known for its long academic legacy and commitment to quality technical education. Founded in 1983 under the banner of Rayat Shikshan Sanstha, the college has been serving students for over three decades with a focus on nurturing skilled professionals who can meet the evolving demands of industry and society. It is affiliated with Dr. Babasaheb Ambedkar Technological University, Lonere, and holds AICTE approval along with accreditation like NAAC B++, reflecting its adherence to national academic standards.

The institute offers undergraduate engineering programs across core disciplines such as Civil, Mechanical, Computer Science, AIDS Engineering and Electronics & Telecommunication Engineering, structured to balance theoretical fundamentals with practical exposure. The academic environment encourages students to engage in innovation, research, and co-curricular activities, with an institutional vision to develop globally competent graduates. Besides classroom learning, the college hosts certification programs, industry-aligned workshops, and technical events that enhance students' professional readiness and problem-solving skills.

About Training & Placement:

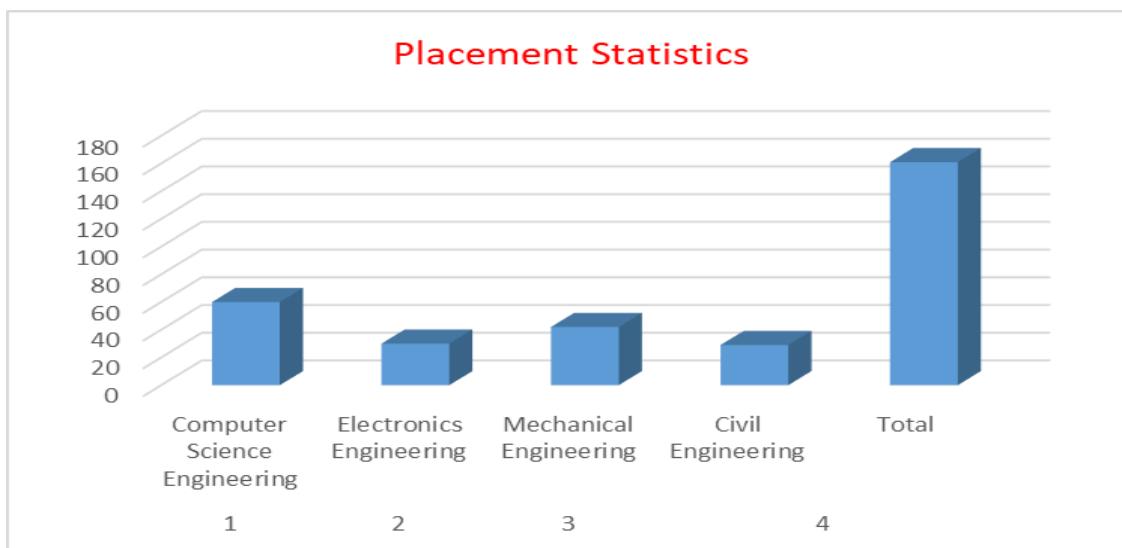

The Training & Placement Department @ Karmaveer Bhaurao Patil College of Engineering, Satara, functions under the direction of the Principal of the college. The mission of the Training and Placement Cell is to achieve maximum placements for students through dedication, attitude, and complete involvement.

The cell conducts various training and placement activities for students, such as communication skills, personality development, aptitude training and practices, mock interviews, interview technique, resume preparation, expert talks from industry peoples, campus interviews, company-specific training, soft skills sessions, mock group discussions (GD), campus-to-corporate activities, and internship/implant training.

Objectives of T & P Cell:

- To make our students industry-ready.
- To make our students adaptable to ever-changing industry demands and requirements in the corporate world.
- To place the maximum number of students in on-campus placement drives.
- To enhance communication skills and confidence to turn students into industry-ready professionals.
- To fill the gap between industry and academia, knowledge is imparted through course curriculum by regularly conducting soft skills, aptitude training, technical training, and personality development training.
- To provide on-campus training, which is necessary for students to get placed in multinational companies (MNCs).
- To maintain the quality standards of the jobs offered, our backend team will visit to the companies for background verification before the recruitment.
